THAT LOTTERY BILL.

The Lottery People Already Planning to Evade It.

Medical Advance deplores the weakness and shortsightedness of humanity in praising physicians to the skies who treat in a long sickness from which the patient recovers aided by strength of his vitality and the exhaustion of the disease, but that gives no praise to the doctor for preventing sickness by an accurate prescription that checks disease in its incipient stages. That is not to be wondered at. It is the sense of danger that makes us thankful for the rescue from it. But where we are prevented by skill from running into danger we are apt to think that, after all, the ill might not have come upon us. We know of the case of a merchant of this city who will never cease berating his physician for giving him an especially distasteful medicine by deceit, one that for some time disordered his stomach and gave him a glimpse of the horrors of dyspepsia. Yet it is perfectly well known to the medical faculty and to others that had not the family doctor "thrown" the man just at the time he did, and thus withdrawn him a pace from business, the patient would have soon been the victim of a terrible affliction, most likely mental and probably incurable. If physicians had more courage of this order, and made preventive medicine of the heroic order more their practice, they would more benefit the world. True, it is to be admitted that they would receive more courtesies, less coin and fewer plaudits—but, then, for what are they doctors?

A writer in the American of Philadelphia presents an interesting summary of those Congressional districts which are the debatable ground of the November elections. He finds that in the last election there were twenty-four districts in twelve States which the Democrats won by majorities of less than 1,000, and twenty-four districts in eleven States which the Republicans carried by like margins. There were two districts in Illinois and one in West Virginia which the Democrats carried by sixteen votes and one in Indiana where they had a margin of but twenty votes. In addition to these forty-eight districts there are about half as many more which, though carried by majorities of more than 1,000, are still sufficiently close to furnish a field for an interesting contest. It is in the close districts that the battle for supremacy will be fought.

The Austin Reveille says the Democrats are agitating the possibility of Newlands being a candidate for U. S. Senator and they claim that Mr. Newlands will put money enough into the field to carry a part of the legislative ticket and by the Democrats endorsing him that he would have a fair show to win. We are afraid they are grasping at straws, and it is only a bid for money, and should they receive any, it would be like the individual at the Switch, when his man was beaten he remarked: "I don't care a d—n, I received money to work this ticket, I put it down into my pocket and kept it there, and it is nothing to me if he is beaten." That would be the end of the Newlands endorsement. All they want is his money and he can go to Jerico.

At New York about three-quarters of a million dollars will this year be spent on the harbor defenses. The complete plant, which will ultimately cost something like \$16,000,000, will comprise torpedoes, rapid firing guns, submarine mines, heavy armor protected batteries of twelve-inch breech-loading rifles and other defenses. At Sandy Hook alone \$350,000 will be spent this year, the plant there comprising one twelve-inch high power breech-loading rifle gun and a battery of twelve-inch mortars. At Coney Island will be planted eight twelve-inch mortars.

Among the novel propositions submitted to the Constitutional Convention of Mississippi was the plural voting plan of Judge Campbell of the State Supreme Court, giving the possessor of land in county or town valued at \$750 an additional ballot, and, if such land is assessed at more than \$1,500, two additional ballots. Evidently this suggestion is due to the fact that there are 170,000 black voters in Mississippi and but 108,000 white ones.

New York thinks the census has slighted her very badly, and the papers there are demanding a recount. It is not local patriotism that inspires them particularly. They think that, if the proper population were accorded them, they could get in two more Democratic Congressmen. Judging by the specimens representing them now, they should rather ask the Census Enumerators to lower his figures.

Dion Bonicault, the celebrated playwright and actor, died Thursday afternoon at his residence, 103 West Fifty-fifth street, New York, at 5 o'clock, in the sixty-eight year of his age. He caught a cold on Monday, which developed into pneumonia on Tuesday, and he afterwards rapidly became worse, although he was conscious up to the time of his death.

London advices from Hlog, state that the Turkish man-of-war Ergotrogol foundered at sea, and five hundred of her crew were drowned. She was a wooden frigate, 2334 tons, mounted with 41 guns of small calibre, and was built in 1869. Osman Paasha and Ali Paasha, envoys of the Sultan to the Emperor of Japan, were among the drowned.

NEWSPAPER ARCHIVE®

WASHINGTON, September 19.—The days of the Louisiana lottery, so far as it is tolerated by the United States Government, are numbered. The anti-lottery bill now having passed both houses, and received the President's signature has become a law. Louisiana men say that it will be impossible for the lottery to be conducted on anything like the same profitable basis that it has hitherto been. The friends of the measure believe that the lottery company will make some arrangements with the express companies by means of which they will be able to communicate with the public in a manner which will be adequate to conduct their nefarious business.

The constitutional lawyers who have found so much difficulty in bringing the bill through will be likely to raise further objections if the attempt should be made to interfere with what will be called the private business of express companies. The friends of the lottery bill insist that the business of the express companies would no more be interfered with by an enactment which would prevent them from becoming the agents of lottery companies than is the business of newspapers interfered with by provisions which prevent them from publishing lottery advertisements, under the penalty of being excluded from the mail. The bill does not prevent newspapers from publishing lottery advertisements, provided they are willing to depend on the express companies or some other agents than the United States mail for the distribution of their circulars.

Many friends of anti-lottery legislation objected to the measure before it was passed by Congress because it was not strong enough, in that it does not prevent the introduction into the United States of foreign newspapers which may contain lottery advertisements. The point is raised that it will be possible for the lottery-owners to print newspapers directly across the northern or southern border and place these newspapers under foreign stamps in the mail, addressed to the long list of patrons of which the lottery companies are undoubtedly possessed, and by this means, under the protection of what is called international comity or international law, they will be able to reach the public through newspaper advertisements. But the constitutional lawyers saw only complications in an attempt to amend the bill in that respect and believed that in its present form the measure will very greatly circumscribe the operations of the Louisiana and other lottery companies by putting the brand of national condemnation upon them. It will, at all events, prevent national banks from becoming the agents of lottery companies.

A Great Scheme.

A Chicago dispatch, of the 19th instant, says that Ex-Governor Gilpin, of Colorado, and a party of gentlemen have gone to Alaska. A large number of people go to Alaska every year, but very few go with an object of such importance as that which takes the present party to those northern shores. This object is to view the country with reference to no less a scheme than the construction of a railroad which shall belt the globe. The first division of the mammoth railway system that shall bind together the East and the West is already established in the transcontinental lines, whose western termini are in Oregon. Thence the topography of the plateaus and valleys that skirt the base of the Rocky Mountains presents no difficulties to the laying of a roadbed through Alaska to Behring Strait. In opening up Alaska such a road will be a factor of importance impossible to estimate. This great road, however, has barely started when the most northwesterly point of America is reached, Behring Strait is only forty-eight miles wide. Midway between the American and Asiatic shores are the Dromeda Islands. Forty miles of bridge would connect the two continents, and the water is shallow. The Russian Government is now building railroads in western Siberia for the purpose of giving the island a connection with the sea at the mouth of the Amer river. With this line the proposed road will connect. The route then would be to the southward through Asia and Southern Europe to the eastern coast of the Atlantic.

Rough on the Democrats.

It is said that a gang of men on the new railroad that is being built into Lincoln county, this State, will vote the Democratic ticket, as the corporation is a Democratic institution. This will knock the Republican majority down considerably as there are between 300 and 400 men in the gang—Lyon County Times.

It is doubtful whether one half of them are entitled to vote, as a large majority of them are from Utah and other States and Territories east of Nevada and have but recently entered Nevada, and but very few of them that have been in the State the required six months, and not over a month ago these same laborers threatened to run the Assessor out of the camp for trying to collect the poll tax, giving as a reason that they had just arrived in the State, and should not be compelled to pay a poll tax.—Austin Reveille.

Three or four hundred votes would not be enough to help the Democrats out of the woods any way.

From appearances, says the Carson Tribune, the Winnemucca Silver State will bear off the palm in this campaign for mud-throwing. It is circulating all sorts of lies concerning the Republican nominee for Governor and intimates that all the delegates to the Republican State Convention were "Yerington's hirelings."

Bar silver \$1 15 1/4.

NEW TO-DAY.

ASSESSMENT NOTICE.

OFFICE OF THE ORR EXTENSION DITCH COMPANY, a corporation. Principal place of business, Reno. Daily Nevada State Journal.

PRICE OF DAILY JOURNAL,
12 CENTS PER WEEK.

BREVITIES.

For window blinds, all sizes, go to Lange & Schmitt.

J. L. Wins has returned from the eastern part of the State.

It is reported that the cause of the death of cattle on the Humboldt is nothing less than Texas fever.

Make yourself a committee of one to see that everybody who attends the Fair this week are well treated.

Frank A. won the trotting race at Sacramento yesterday by taking the first, third and fourth heats.

The Orr Extension Ditch Company has declared an assessment of \$20 per share, which will be delinquent October 20th.

Go to Lange & Schmitt for heating stoves, cook stoves, ranges and house furnishing goods. Largest variety and best values.

The latest from Governor Stevenson last evening was that he was resting the least bit easier, but still lingering between life and death.

W. Mercklinger, of Club No. 1, and D. Charlier, of Club No. 2, drew watches in Hyman Fredrick's Watch Club drawing last evening.

All those who have exhibits for the Pavilion should get them in place at once, so as to have the building presentable as early in the week as possible.

The Austin Revellie hears of several new prospects having been discovered lately and locations made. The ore of the late finds goes well up into the hundreds.

Voters are registering very slow. There is not so very much time left, so those who do not want to lose their vote should visit Justice Young and attend to this matter at once.

Mrs. R. M. Lowell, the plaintiff in the case of Lowell vs Northrop, yesterday brought at Sheriff's sale the entire stock of dry goods belonging to the store of E. C. Northrop.

The Southern Pacific Company has received a new rotary snow-plow from the East, and in a few days the repairs on the snowblows will be completed. The company has on hand one cyclone and three rotary snow-plows.

Sidney Finniger has gone to Seattle with Thos. Fitch and wife to take charge of their horses en route. If Sidney finds that the country suits him he will remain there and study under Mr. Fitch. The Journal wishes the boy success.

The potato crop down on Carson river is unusually good. Some huge spuds two and three pounds in weight have already been unearthed and exhibited. What weight they would have attained had they been allowed to stay till ripe is hard to say.

An amendment was attached to the House bill repealing the Timber Culture law, passed by the Senate Tuesday, practically putting an end to the suits brought by the United States against a number of mining companies in Nevada and California for cutting timber on public land.

Methodist Episcopal Church, Sunday, September 21, 1890. Regular preaching services at 11 A. M. and 7:30 P. M. Sunday School at 12 M. Class meeting at 10 A. M. and young people's meeting at 6:15 P. M. The pastor, Rev. F. V. Fisher will preach in the morning on "What makes a strong church," and in the evening on "New truths from an old parable." All cordially invited.

Equus' to the Occasion.

The Austin Revellie, tells the following: Carson City is placed by the enumerator at Washington as the second town in the State in population. Tom Tennant was not idly; he knew what he was doing when bidding away for ten or fifteen days after all the other enumerators of the State had set at in their returns before he reported the population of Ormsby to Supt. Lammon. It reminds us of the early days of Pennsylvania, before the great old Kentucky State was generally Democratic, although close at times, and before there was many railroads. Carson county was always Democratic and consequently always behind with her returns. The Chairman of the State Democratic Committee at Philadelphia, would give the Chairman of the Berks County Central Committee and ask how many majority could they give him. The question would be wired back asking how many they wanted; the reply would generally be 30,000, and the answer back would always be, "You can have them."

We think Tom held back in order to find how much a population was necessary to beat Reno and he found it.

New Milling Company.

The New Milling Company, of Tuscarora District, Nevada, has organized with the following Directors: Thomas Bell, P. C. Hyman, Geo. W. Grayson, E. Scott and F. A. Berlin. Thomas Bell has been appointed President, P. C. Hyman Vice President, R. R. Grayson Secretary, and H. W. Coffin, Superintendent of the mill. The Union mill is owned by the Commonwealth, North Belle Isle and Nevada Queen mining companies, each of which holds in its treasury one-third of the 100,000 shares of the capital stock of the mill company. On October 1st, the mill, which is now being run by the Commonwealth Company for the owners, will be turned over to the new company, together with all supplies, etc. The rate for working ore has been established at \$25 per ton.

THE OPENING DAY.

Everything in Readiness for the State Fair.

The Nevada State Fair opens to-morrow and bids fair to eclipse all other years, especially in the racing programme. The Pavilion is fast filling up with very attractive exhibits, which are being tastefully arranged by those having it in charge. Everything at the track is being placed in order for the week, the track being in first-class condition. The music to be rendered by Hastings' Cornet Band during the week at the track and Pavilion will be better than ever before, and if appearances are not deceiving the Fair this year will be a very attractive as well as successful one, following is Monday's programme at the track:

The races will begin each day promptly at 1 o'clock.

No. 1.—Running—One mile; selling purse, \$200. Entries close at 6 P. M. September 20th.

No. 2.—Running stake—two-year-olds; five-eighths of a mile; \$200 added. Filled with the following entries: Denelson Bros. enter ch. f. Minnie B., Thos. Winters enter blk. s. Black Bart, Wm. Thompson enters Joe, Elmwood Stables enter br. c. Sir Walter, Elmwood Stables enter br. c. Duke of Milpitas, L. Allen enters ch. c. Kit Carson.

No. 3.—Running—One and a quarter miles; purse, \$300. Entries close at 6 P. M. September 20th.

"Mylos Aroon."

To-morrow evening the most popular of all Irish comedians, W. J. Scanlan, will appear in Reno in the above-named play. Of him Nym Crinkle writes in the New York World: "I saw Scanlan act the other night for the first time. It was in his 'Mylos Aroon.' The personal charm of this fellow struck me forcibly. It reminded me of Emmet in his younger days, but was not at all like Emmet's personality. As a rule I do not care for Irish dramas, but this man Scanlan invested 'Mylos Aroon' with a quaint, homely romanticism that could not be resisted. He was the real gossamer of the green isle, and one could see by the eager eyes of the Irish girls in the audience that all the girls in his native county of Westmeath would be in love with him. He went through the four acts of this pretty story with something of Rip Van Winkle's devil-may-care independence, but there was an easy, hearty tenderness and an unrestrained effectiveness to his sentiments, a rich, mellow cadence to his baritone voice and a gleam on his handsome face that touched the humanity of his audience and lit up the business with a distinct and honest glow."

I am not surprised that he is popular, and he is the very incarnation of the peasant hero of Irish romance.

Humboldt Fruit.

The following from the Winnemucca Silver State, shows the capabilities of other portions of the State. The Humboldters should place some of this fine fruit on exhibition this week. It says: "This office has been presented with some samples of apples and pears of home production which it would be difficult to excel anywhere. A lot of pears are from trees in the yard of Alex Wise, here in town, which are literally loaded with the golden, luscious fruit. They are of the Bartlett variety and are as large as large as ordinary pear melons. A sample of the first crop of a tree at A. D. Wilcox's place is also fine. Some apples from a rose and 'bigger'n your two fists' from P. Laveaga's orchard at Unionville, would, we believe, be awarded the first prize at the State Fair."

"Fruit is not always a safe crop in this country in consequence of late frosts, though there are sheltered ranches, like M. E. Boshes' where it never fails, but when the season is favorable, Humboldt fruit, especially pears and apples, cannot be excelled in quality or quantity. Not many years ago few persons would believe that Bartlett pears, large and luscious, could be raised in the Humboldt valley, yet to-day the incredulous, if any there be, can go Mr. Wise's place and see trees loaded with such fruit."

Avoid Danger.

Nowadays, when electricity is such a terrible agent for mischief if not understood, it is rash to dabble with any wire hanging from pole or roof. It may not be dangerous, but it is like a loaded gun—it may kill you. If an electric wire lies across your path and it becomes absolutely necessary to remove it, bear these points in mind; so long as the wire is on the ground it is harmless no matter what pressure may be on it; the moment it leaves the ground it is dangerous. You can pull the slack with your hand or foot any distance, so long as the end touches the ground, but do not lift it. The instant you do you become part of the electric circuit and the current will run to the ground through your body. Let those who will laugh at your cowardice—but don't touch the wires.—Exchange.

The Lp Grippe.

The Carson Appeal says this dread disorder that consigned so many to untimely graves last Winter seems to be reasserting itself in Carson City and the State generally. Almost every second person one hears complaints of stomach pains, sore throats and cough. The experience of last year has taught persons that the grippe is no light disease and on its first appearance medical aid should be secured. It is an insidious disorder and the precursor of other and more malignant disorders.

F. G. Newlands is expected to arrive here this morning.

THOSE RAILWAY SCHEDULES.

The Men Satisfied With the Settlement—Mr. Fillmore Praised.

The S. P. Examiner of Thursday says: At a short conference Wednesday afternoon at Fourth and Townsend streets the Southern Pacific Company and its employees finally settled their differences by formally ratifying the new schedule of wages as agreed upon Tuesday, a signed copy of the schedule being given to the representatives of the Order of Railway Conductors, Brotherhood of Railway Conductors and Brotherhood of Railway Trainmen, one being retained by General Superintendent Fillmore on behalf of the company.

After the signing of the schedule there was a little informal talk between General Superintendent Fillmore and Assistant General Superintendent Pratt and then, on the conclusion of which a general hand-shaking was indulged in.

A great many of the men left for their homes last night, including most of the company's Division Superintendents, who were all called here to attend the conference.

General Superintendent Fillmore expressed himself as being pleased with the outcome of the conference, and the spirit and bearing of the men during the discussions indulged in. "And some of the men were very fine talkers, too," said Mr. Fillmore.

"Are you satisfied with the result of the conference?" asked a reporter of Grand Master Wilkinson of the Brotherhood of Railway Trainmen.

"Yes," replied the trainmen's leader; "the company has met its employees fairly, and now there is no cause for complaint on either side."

Many of the men express the kindest opinion about General Superintendent Fillmore's conduct towards them during the conference, going so far as to say that the settlement must be credited to him entirely. They say that Fillmore, being a brakeman and conductor himself at one time, was able to thoroughly understand the many little details about rules and wages that an official without the same experience would not thoroughly appreciate.

Conductor J. Symington of the Visalia Division, who was present at the conference, in voicing this sentiment of the men about Mr. Fillmore, said: "Mr. Fillmore, I think, deserves all the credit for the settlement, and the concessions have made everything satisfactory. He even went so far as to adjust differences on the little branch line, the Stockton and Copperopolis road, in his desire to remove any excuse for reasonable complaints. Mr. Fillmore will be considered the most popular official of the company when the new schedule and rules go into effect on October 1st."

Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? It so send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and bowels, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle.

The Lady Commissioners.

Commissioner J. W. Haines has appointed Miss Russell, daughter of Commissioner Russell, as the Democratic Lady Commissioner of the World's Fair from Nevada, and Miss M. E. Davies as her alternate. Miss Russell is a graduate of Bishop Whitaker's school at Reno and is fortunate in launching out in a position of so much honor and trust. Commissioner Russell has appointed Mrs. Governor Stevenson as the Republican lady Commissioner and Mrs. M. D. Foley, of Reno, as her alternate. The duty of the lady Commissioners will be to look after the ladies' department at the World's Fair.

Church Services.

Services at the Baptist Church morning and evening at the usual hours. Sunday School at 12:15 P. M. Everybody welcome at these services.

CONGREGATIONAL CHURCH.—Services today as usual. Subject of morning discourse: Hell—where it is; what it is; what its punishment consists; the pre-judgment and post-judgment hell are not the same. All are invited.

Somewhat Twisted.

The Virginia Chronicle that owing to the settling of the ground from the mines beneath, quite a number of the buildings along C and D streets have settled rather out of plumb. The big brick in which is the Postoffice was complained of as dangerous in that respect by some of the neighbors, but investigation by the Commissioners says it needs repairing and straightening up, that's all. Lots more the same way.

The State Fair at Reno is said to be not up to its usual standard of excellence, the Pavilion exhibits not equalling those of former years.—Virginia Chronicle.

Guess you mean the Sacramento Fair neighbor, as the Pavilion exhibit of the Nevada State Fair has not been opened yet, but will eclipse those of all other years.

MISCELLANEOUS.

WHAT IS SCROFULA

It is that impurity in the blood, which, accumulating in the glands of the neck, produces unsightly lumps or swellings; which causes painful running sores on the arms, legs, or feet; which develops ulcers in the eyes, ears, or nose, often causing blindness or deafness; which is the origin of pimples, cancerous growths, or the many other manifestations usually ascribed to "humors," which, fastening upon the lungs, causes consumption and death. Being the most ancient, it is the most general of all diseases or affections, for very few persons are entirely free from it.

How Can IT BE CURED

By taking Hood's Sarsaparilla, which, by the remarkable cures it has accomplished, often when other medicines have failed, has proven itself to be a potent and peculiar medicine for this disease. Some of these cures are really wonderful. If you suffer from scrofula, be sure to try Hood's Sarsaparilla. "My daughter Mary was afflicted with scrofulous neck from the time she was 22 months old till she became six years of age. Lumps formed in her neck, and one of them after growing to the size of a pigeon's egg, became a running sore for over three years. We gave her Hood's Sarsaparilla, when the lump and all indications of scrofula entirely disappeared, and now she seems to be a healthy child." J. S. CARLISLE, Naught, N. J.

N. B. Be sure to get only Hood's Sarsaparilla Sold by all druggists. \$1; six for \$5. Prepared only by C. I. HOOD & CO., Apothecaries, Lowell, Mass. 100 Doses One Dollar

RULES OF THE TRACK.

Entrance to all trotting and running races to
close with the Secretary at 9 o'clock P. M. on Wed-
nesday, August 20, 1890.
All entries to be made in writing, to give sex,
color and name of horse. Also name and resi-
dence of owner, and in running races colors to be
worn by rider, and any other particulars that will
enable the audience to distinguish the horse in the
race.

Write "Entries to races" on outside of envelope
and seal.
Entrance fee, 10 per cent of purse—to accompany
entries.

In all races five or more to enter and three or
more to start.
National Association Rules to govern trotting,
but the Board reserves the right to trot heats of
any two classes alternately, if necessary to finish
any day's racing, or to trot a special race between
heats or change the order of races advertised for
any day.

Unless otherwise ordered by the Board no horse
is qualified to be entered in any District race that
has not been owned or kept in the District six (6)
months prior to the day of the race, and any entry
by any person of any disqualified horse shall be
held liable for the entrance money contracted, without
right to compete for a purse, and shall be held
liable to penalties prescribed by the National
Association and Rules of the State Agricultural
Society, and expulsion from the Association.

Stakes of all races of the National Trotting
Association, under provisions of which, except
as otherwise specified, all matters pertaining to
the trotting races will be conducted.

To all races noted above, five or more paid up
entirely required to fill and three or more to
start, but the Board reserves the right to hold
entries and start a race with a less number and
deduct a proportionate amount of the purse.

When less than the required number of starters
appear they may contest for the entrance money
to be divided as follows: 60% to the first, and 30%
to the second.

To all races noted above, five or more paid up

first, 200 to second, 100 to third.
No. 14. Trotting. 2:30 class; purse \$1,000; 500 to
first, 200 to second, 100 to third.

REMARKS AND CONDITIONS

Nominations and entries to all stakes must
be made to the Secretary on or before the 15th
day of August, 1890. Entries for the purse must
be made two days preceding the race, at the regular
time for closing entries as designated by the rules.
Those who have nominated in stakes must name to
the Secretary in writing when they will start the
day before the race, at 6 P. M. Horses entered in
purse can only be drawn by the consent of the
Judges.

Entrance in all trotting races will close Septem-
ber 15th with the Secretary.
Five or more to enter, three or more to start in all
trotting races.
National Trotting Association Rules to govern
trotting races. Pacific Coast Blood Horse Associa-
tion Rules to govern running races.

All trotting and racing races to be the best three
in five unless otherwise specified; five to enter and
three to start, but the Board reserves the right to
hold entries and start a race with a less number and
deduct a proportionate amount of the purse. Purse
to be divided pro rata. Entrance fee, 10 per cent on
purse, to accompany nomination.

National Association Rules to govern trotting, but
the Board reserves the right to trot heats of any
two classes alternately, if necessary to finish any
day's racing, or to trot a special race between heats
or change the order of races advertised for any day.

Unless otherwise ordered by the Board no horse
is qualified to be entered in any District race that
has not been owned or kept in the District six (6)
months prior to the day of the race, and any entry
by any person of any disqualified horse shall be
held liable for the entrance money contracted, without
right to compete for a purse, and shall be held
liable to penalties prescribed by the National
Association and Rules of the State Agricultural
Society, and expulsion from the Association.

Stakes of all races of the National Trotting
Association, under provisions of which, except
as otherwise specified, all matters pertaining to
the trotting races will be conducted.

To all races noted above, five or more paid up
entirely required to fill and three or more to
start, but the Board reserves the right to hold
entries and start a race with a less number and
deduct a proportionate amount of the purse.

When less than the required number of starters
appear they may contest for the entrance money
to be divided as follows: 60% to the first, and 30%
to the second.

To all races noted above, five or more paid up
entirely required to fill and three or more to
start, but the Board reserves the right to hold
entries and start a race with a less number and
deduct a proportionate amount of the purse.

INSURANCE.

THE

MANHATTAN

Insurance Company.

Assets, \$12,000,000.

The history of the past has proven beyond a
question that an endowment policy in a life insur-
ance company is a much

BETTER INVESTMENT

Than a savings bank; FIRST, because it is very
much safer—as the law of the State of New York
requires every life insurance company to keep a

Reserve in First-Class Securities

Equal to its liabilities, dollar for dollar; SECOND,
in case of death while making these small deposits,
the life insurance company will pay, just when
most needed by the family, the

Full Amount

Of the sum insured, amounting to 10, 20, or even
30 times as much as has been deposited; or on the

Return Premium

Plan of the MANHATTAN, they would do even more
than this, for they would at death pay the face of
the policy and in addition all the deposits (premi-
ums) paid, while the savings bank would only re-
turn the amounts actually deposited with interest.
Who would not purchase a valuable piece of
property—a farm for example—worth \$10,000, if it
could have twenty years to pay for it, in small
sums of \$300 per annum with interest on deferred
payments and without any tax on it? The \$300 per
year being only 3 per cent of the \$10,000—a sum
not much greater than that paid annually for taxes
on property in hand, or of the same cost, and espe-
cially if he could have the further conditions spe-
cially stated in the contract, 1st, that if he dies
while making these payments—even after one only
has been made—

No Further Payments Shall be Required

And the full title in fee simple to the entire farm
shall at once be given to his family; and 2d, that
if at any time after the three years during the
twenty years he shall be unable to continue the
payments and from sickness or any misfortune,
that then he could discontinue any further pay-
ments and have in fee simple such portions of the
farm as he has paid for; thus, if one-fourth of the
payments had been made, he would own one-sep-
arate fourth of the farm, etc., and at the same time
the farm to be entirely free from all claims of credi-
tors, under all circumstances, not even to be reached
by writ of execution or attachment issued by any
court, while if living to the end of the twenty years
and the annual payments have been made, the

Entire Property in Fee Simple

Is secured.

Now the MANHATTAN LIFE INSURANCE COMPANY
offers all this and more, for instead of offering
LAND on these terms, which is often eaten up by
legal expenses and fees in case of the death of the
purchaser, or swallowed up by a mortgage
given to secure deferred payments, thus losing the
whole amount paid in and leaving the fam-
ily destitute, or dependent, it offers a

Specific Bond Secured by Millions

of First-Class Securities.

Agreeing to pay MONEY on the same terms and
conditions as above—the cost per year varying at
different ages, but otherwise substantially the same
terms as above stated, while the sum to be paid at
the end of twenty years will be increased by divi-
dends and compounded interest for the full term,
thus making the investment a very PROFITABLE
and ADVANTAGEOUS one.

Inquiries concerning the bonds of this company
will receive prompt reply if addressed to

A. H. MANNING,
of Washoe.

Of Washoe,

UNEXPENDED TERM,
of Esmeralda.

Of Esmeralda,

L. A. BLAKESLEE,
of Humboldt.

PLATFORM AND RESOLUTIONS

Adopted by the Republican State Convention held
at Virginia City, Nevada, September 4, 1890:

The record of the Republican party is its best
platform.

No political party in human history has taken
such advanced positions for the equality of races,
none has so wedded the administration of authority
to the needs of business, none has so managed the
affairs of a State as to encourage the development
of a continent, none has so elevated a nation and
so contributed to the happiness of men, none has
so honestly and economically carried on the rou-
tine duties of office.

In all things it has been the direct opposite of
the Democratic party. Grand in its ambitions and
impulses, firm and resolute in its consistency,
strong in its devotion to principle, it is now, as it
has been from birth, the greater advance in con-
science and nobility in its own country and hope
and promise of a better future for the human
race.

The parties for human rights, the preservation of
the Union, the abolition of slavery, its protection
to labor, its elevation of manufacturers, its up-
holding of the National credit, its efforts in behalf
of honest financial methods, its honest system,
and its devotion to popular education have made
for it the greatest record of any political organiza-
tion this or any other country ever had.

The names of its heroes are legion, and the deeds
of Fremont, Lincoln, Grant and Garfield will
shine like electric lights on the pages of history.

The Republicans of Nevada, in convention as-
sembled, heartily endorse the acts of the Fifty-first
Congress, which has made greater advances in con-
science and nobility in its own country and hope
and promise of a better future for the human
race.

The crime of filibustering, so often resorted to
by the Democratic party for the purpose of defat-
igating and blocking the wheels of govern-
ment, has been done away with by the genius of
Reed, McKinley and their associates, and the of-
fenders taught that Congressmen are paid by the
people for making good laws and not bad politics.

It had by a strictly party vote, placed the silver
question that will lead naturally to free coinage
and disarm all opposition among financiers.

It has taken up the work of a resolute and

POLITICAL.

the tariff in a patriotic and business like way, such
will protect the interests of labor and at the same
time encourage capital to enterprises that will
furnish it with employment at good wages.
Candidates which were denied their rights before
have been admitted to the Union, and the grip of
Tammany Hall upon the Presidency broken.

Trusts that grew rank under Cleveland's Admin-
istration have been broken up and made to obey
the laws of honest commerce.

Efforts are being made to prevent or punish
frauds and intemperances in elections.
A navy has been provided for and suitable pen-
sions granted to prevent suffering among the sick
and wounded heroes of the war.

Provision is being made for the reclamation of
the arid regions, where the Republican policy of
freedom and free schools has been extended to the
unemployed land grants are being restored to the
public domain and the land thrown open to settle-
ment, and in all things the pledges of the National
Platform are being faithfully executed.

We endorse the Administration of President
Harrison and commend his conservative course as
striding in contrast with his predecessor in office.
During the former Administration after the
wheat touched the lowest price ever known, and
farmers burned their corn for
